

Booking Information

Visas, Health & Safety

The following information is a guide to visas and vaccinations for British passport holders only. Other EC passport holders can contact us if you need visa information. Note that these costs, regulations and recommendations change frequently, so you must check with embassies (or a visa service) and medical specialists before your trip. You need a passport which is valid for at least 6 months from the end of your trip, and with enough empty pages for entry and exit stamps and visas.

Visas

If you would like advice about visas, do call us. We suggest using Travcour in London to obtain your visas. For more details, please call on: 020 8543 1846 or visit their web site www.travcour.com where you can download the application forms and obtain information.

Please note: if you are flying via the USA or Canada you will need a visa even if you are just transiting through an international airport.

Health & Safety

Some useful tips about staying safe and healthy abroad will be sent out with our booking pack. If you would like this in advance of booking please let us know. As a minimum, we advise you to read the Foreign Office Travel Advice prior to making your booking. You can find this at: www.gov.uk/foreign-travel-advice.

Trying for a baby? If so, please take note of the following map so you can avoid travelling to places where the zika virus is found: <https://wwwnc.cdc.gov/travel/page/world-map-areas-with-zika>.

Vaccinations

As we are not health specialists the information in the table below is for guidance only. For up to date vaccination information please contact your GP or nearest travel clinic. You may also like to check the advice on the National Travel Health Network and Centre website www.nathnac.org.

Chart Abbreviations

R = recommended; R* = sometimes recommended. Please check; I = Immigration. Required if entering from a yellow fever endemic area; C = compulsory; C* = compulsory if visiting Puerto Maldonado or Manu NP; C** = may be compulsory if visiting rainforest areas in Ecuador – please check.

Disclaimer: The above information is not a complete medical guide for travellers and you should consult with a health professional for specific information related to your travel and medical history. Whilst every care has been taken to ensure the accuracy of the information Tribes Travel cannot accept any liability for injury, loss or damage arising in any respect of any statement contained herein.

Travelling with children in southern Africa

If you are travelling to South Africa, Botswana or Namibia with children you are responsible for ensuring you take the correct documents to comply with their strict entry requirements. Without them you risk being denied entry (or even denied boarding to fly there). A full unabridged birth certificate (not a copy) is the most likely minimum requirement, but do ask us for our information sheets about each destination where we give more specific advice, and suggested contacts where you can check for up to date information.

1st September 2018

Tribes Travel Ltd is a company registered in England and Wales with company number 3490816.
